Let your senses be awakened, rediscover your resting heart rate, and reset.

Using smooth hot stones, the therapist will slowly massage your entire body, from aching shoulders right down to the soles of your feet. You'll finish with a thorough facial – cleansing and moisturising – while the black stones keep you warm.

This treatment draws on the power of nature to give you the best possible massage and ease tender spots. We use moisturising creams from the German quality brand Babor.

BODY TREATMENTS

Scrub and clay treatment in the steam room

Duration	Price
25 mins	NOK 550 per person

Indulge in a self-treatment in our circular, pale-green steam room. The ceiling lights call to mind the northern lights and the magnificent landscape we are part of.

Here we invite you to treat yourself to one of the best things we know: scrubbing your whole body with a blend of acacia seeds in exquisite oil of blue cypress. Then apply a moisturising blend of green clay and seaweed, before finishing with warm 'rain' from the ceiling.

This treatment is ideal for 1 to 4 guests.

'SKAGEFLÅ

'Body scrub (ideal before another treatment)

Duration	Price
20 mins	NOK 550

We use special oil of rose and extra-fine salt for a thorough all-over scrub. This treatment is ideal before a massage or other treatments that do not include a body scrub. Scrub, moisturising mask and floating massage

Duration	Price
50 mins	NOK 1,090

The treatment is carried out on a water bed, constructed in accordance with the modern principle of floating. We use the latest technology and philosophy to provide you with a unique full-body treatment in an almost weightless state.

Scrub and cellulite treatment

Duration	Price
50 mins	NOK 1,090

Our therapists will bandage you where you need it most – stomach, buttocks, thighs or arms. The scrub helps to soften and warm the skin, allowing maximum benefit from the tightening treatment. For best results, we recommend having this treatment when you've finished taking a sauna, swimming and exercising.

HAMMAM

Scrub and massage in the Turkish bath

Duration	Price
50 mins	NOK 1,090

We scrub the entire body with a special Turkish exfoliating glove, massaging you with generous amounts of lather. The treatment finishes with a massage of the neck and base of the skull, topped off with a good shampoo.

The ideal treatment, whether you're on your own or with your loved one or a friend.

SPA ETIQUETTE

Peace and tranquillity are key ingredients in achieving a deep sense of inner calm. This is why the atmosphere in our spa facility plays an important role. A minimum age of 18 applies, but parents may bring children of 16 and over.

ARRIVE IN GOOD TIME

A visit to Union Spa should be relaxed and stress-free. If you've booked a treatment, we recommend arriving approx. 30 minutes before the treatment begins. This gives you plenty of time to change, and perhaps enjoy a warming or invigorating spa water experience to prepare. Should you arrive late for your treatment for any reason, the appointment will be shortened correspondingly out of fairness to the person who has booked the next appointment. Always drink plenty of water before the treatment starts.

GET TO KNOW UNION SPA

Everyone visiting Union Spa is offered a guided tour to get to know the facilities better. If you'd like a guided tour of Union Spa without having to wear a bathrobe, you can prebook a tour outside opening hours.

TOWELS

You'll find towels at various points around Union Spa and, for reasons of hygiene, we ask you to use these when visiting the sauna and steam room and on heated benches. When in the relaxation areas, remove wet swimwear

or use a towel on the loungers. As an Eco-Lighthouse enterprise, we hope you'll be mindful of the environment.

TAKE A LITTLE TIME ALONE

Take some time for yourself before your treatment begins. A swim, indoors or outdoors, is a good way to relax. Or what about a cleansing sauna, a Japanese hot bath or standing under our experience showers? All of these will warm body and soul, enabling you to get the most out of your treatments. After your treatment or sauna visit, we recommend spending some time in our relaxation areas, where you can rest, sleep or read.

CORRECTLY DRESSED

All spa guests are provided with luxurious, fluffy bathrobes and slippers, which we ask you to use during your visit to Union Spa. Swimwear must be worn in the sauna and wet rooms. Wear the bathrobe and slippers when in the relaxation areas. Jewellery and personal possessions can be securely locked in the lockers. For most body treatments and massages, you'll be wearing underwear or swimwear. Disposable underwear is also available and is recommended for treatments that may stain.

GOOD TO KNOW

So that you have the best possible spa experience, we recommend a consultation with one of our therapists on what is important for you before starting any of our treatments. It's important to mention any health complaints, allergies or other issues that may affect the outcome. Your treatment will be fully tailored to your needs and preferences, enabling you to get the most out of your treatment. Good communication is the key to a

RELAXATION

Our wellbeing facility includes several relaxation areas where you can enjoy complete tranquillity before and/or after your treatments, as you wish. Perhaps you prefer to relax with a book from the library, lie back and close your eyes in a comfortable lounge, enjoy the peace of the quiet room or meditate on the view. We recommend drinking plenty of our pure and refreshing water before, during and after your spa visit. Water is particularly important when you're in the sauna area.

REFRESHMENTS

We serve a light, continental breakfast from 10 a.m. to midday. Coffee, tea and fruit are available all day in the sitting room. You can order other drinks to be served in the spa. If you'd like something to eat, we recommend Café Løsta or the garden by the pool area.

SHAVING

A good facial is better with smooth skin, and, if appropriate, we recommend shaving 5-6 hours before your treatment. If you'd like to enjoy

the special relaxing sensation of our body treatment in the Turkish hammam, we recommend shaving the day before.

TREATMENTS FOR TWO OR MORE

It's always nice to share a positive experience with others. We offer various treatments that two or more people can enjoy together. You can read more about sharing a little luxury and happiness in the spa menu.

CANCELLATION

Should you need to cancel a spa treatment, please do so at least 24 hours in advance. Cancellations after this time will be charged in full.

MOBILE PHONES

A spa experience is intended to reduce your stress level through quiet and relaxation. Put your mobile phone on silent and place it in the locker before entering Union Spa – or leave it in your room.

PHOTOGRAPHY

A visit to the spa should be a private experience. We want our guests to be able to enjoy their time in the spa without being disturbed by anyone taking photographs or filming.
